## SWIMSUIT FITTING AND CARE

Rest assured you have selected a suit made from the highest quality standards on the market today. Nevertheless, THE FINALS fabrications each have a limited usable life, which is greatly affected by the individual's safekeeping and general pool conditions. With proper care, you will enjoy maximum use in your new THE FINALS suit.

**Fitting** -THE FINALS suits should fit snugly and should not be purchased one size up for growth. Loose fitting garments do not wear as well as those fitting close to the body. Take gentle care when putting on your suit. Do not pull hard on it, and be careful that your fingers do not break the elastic. Once your suit begins to relax it will go on with greater ease.

**Washing** - Do not machine wash your suit. Rinse it thoroughly in clear, cold, fresh water after each wear to remove chlorine and perspiration residue. Hang your suit to dry, and avoid placing it in a pocket or rolling in a towel. Doing so will result in a very rapid degradation of the fabric. Also, please note that shampoo and soap both contain detergents that will cause color to fade.
